

## GIFFORD PINCHOT IN THE LIMELIGHT

Conservation Congress Gave Him  
An Ovation That Verged on  
The Hysterical.

BEVERIDGE STARTED FURORE

J. J. Hill Made Brilliant Speech at Ex-  
pense of National Government  
And Was Applauded.

St. Paul, Sept. 7.—Without the dazzling presidential and ex-presidential luminaries shedding their powerful rays, the light of the national conservation congress became visible today. The two sessions today, addressed by James J. Hill, Senator Beveridge and Secy. of Agriculture Wilson, were well attended and enthusiastic.

Mr. Hill let fall showers of epigrams at the expense of the national government and was applauded.

Senator Beveridge waxed eloquent to quite a different purpose, but the crowd notably approved.

Gifford Pinchot, who was almost lost sight of during the period of presidential presence, suddenly found himself in the limelight and received an ovation almost hysterical. Tears sprang to his eyes, and were still in his voice when he said a few words of thanks.

Senator Beveridge spoke during the forenoon session, Mr. Hill and Secy. Wilson in the afternoon.

It was the senator from Indiana who stirred the crowd to the big ovation for Mr. Pinchot. The applause burst at the mere mention of the former forester's name. It started as a good honest round of applause. Mrs. Elizabeth G. Crans of New York, who is attending the congress with Mrs. LaFollette, wife of the Wisconsin senator, stood up, waving handkerchiefs in both hands. She afterwards said that she was so excited that she scarcely realized that there was anyone in the hall but herself. Her example was all that the crowd needed. Everybody arose and it was a full minute before Senator Beveridge could resume.

When he had concluded, cries for

## SAVED FROM AN OPERATION

By Lydia E. Pinkham's  
Vegetable Compound

De Forest, Wis.—  
"After an operation four years ago I had pains downward in both sides, backache, and a weakness. The doctor wanted me to have another operation. I took Lydia E. Pinkham's Vegetable Compound and I am entirely cured of my troubles."—Mrs. AUGUSTE VESPERMANN, De Forest, Wisconsin.

Another Operation Avoided.  
New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYRON, 1111 Kerlerec St., New Orleans, La.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

If you want special advice about your case write to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Pinchot came from every part of the house. He was finally dragged forward and in a shaky voice said:

"The need of the hour is to conserve conservation."

"The time is ripe to distinguish between real and fanciful conservation."

"The national machine is too big and too distant, slow, cumbersome and costly."

"Irrigation would have been more cheaply done if turned over to private enterprise or committed to the several states."

"Coal mining must be carried on upon a large scale to be commercially possible."

"While we lament the exhaustion of our coal supply, we maintain a tariff that compels us to draw upon it continuously."

"What the United States needs, is neither reckless destruction nor an embargo upon our splendid western commonwealths by locking up a considerable portion of their available area."

"The west believes in forest preservation, practically and not theoretically."

"The use of water within a state is the property of the state and cannot be taken from it."

"The worst scandal of state land misappropriation are insignificant when compared to the record of the nation."

"The soil is the ultimate employer of all industry and the great source of all wealth."

"In 1902, the excess of American exports over imports was \$666,000,000, by 1910, it had fallen to \$187,000,000."

"Impending misfortune, only the conservation of our natural soil and all the interests connected with it can avert."

"Spendthrift man and spendthrift nation must live at last the same law and the same penalty."

"Any conservation movement worthy of the name must place high upon its program the saving of capital and credit from the rapacious hands of socialist as well as monopolist."

"A tariff on any raw material forbids the conservation of similar natural resources here."

"Whoever attempts to make conservation the bone of a personal controversy, the heart of burden to carry any faction into power or popularity, is its worst enemy."

TAKES ISSUE WITH HILL.  
Henry Wallace of Des Moines, who followed Mr. Hill, took issue with most of the latter's statements. He referred to "my old friend Hill" and made several digs at him, as "empire builder" and the latter chuckled heartily.

"If our government is to continue as it has been for some years past—a government by great corporations for the benefit of great corporations, it matters little whether our resources are managed by Congress or by the several states."

"In either case they will be stolen and used to oppress our children and our children's children. But if in time to come it is to be really a government for the people, then the representatives of the people in Congress the proper persons to prescribe the method by which our resources are to be conserved and utilized in the future."

"To say that this cannot be done as the nations of Europe do it, as Canada does it, and as Australia does it, is to say the republican institutions are failures. Even to doubt that it can be done, is to indicate that a republic or government by the people is distinct from an oligarchy or plutocracy or government by great combinations of capital."

Mrs. Jacob Wilmet, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now. I am again in perfect health."—Schramm-Johnson Drug Co.

BANKER MORSE PLACED IN SOLITARY CONFINEMENT  
Atlanta, Ga., Sept. 7.—The fact that Charles W. Morse, the banker, confined in the federal penitentiary here, was put in solitary confinement for two days last May for infraction of the rules, was made public here today by Warden William H. Moyer. Morse's offense was his refusal to tell from what source he received \$41 in money, it being a strict rule that no prisoner shall be given money or to keep it in his possession. Morse gave the money to a man to distribute among needy prisoners.

THE GRATITUDE OF ELDERLY PEOPLE  
Goes out to whatever helps give them ease, comfort and strength. Foley Kidney Pills cure kidney and bladder disease promptly, and give comfort and relief to elderly people. —Schramm-Johnson Drug Co.

## RHEUMATISM PAINFUL & DANGEROUS

Rheumatism is due to a diseased condition of the blood cells and corpuscles, brought about by an excess of uric acid in the circulation. It is not only a very painful disease but an extremely dangerous trouble. The uric acid state of the blood gradually forms a coating over the muscles, and by depositing a cement-like substance in the joints frequently terminates fatally, or leaves its victim a hopeless cripple. It is natural to "doctor" the spot that hurts, and it is quite right to use liniments, hot applications, etc., to get temporary relief from a painful joint or swollen tendon; but Rheumatism is not a skin disease, and such things, when depended on alone make one careless, and the disease gets a firmer hold on the blood. S. S. S. cures the disease because it is the greatest of all blood purifiers. It goes into the circulation, and removes every particle of the irritating uric acid, builds up the blood, makes it rich and oily, and in this way prepares it for the proper nourishment of all joints, muscles, nerves and bones. If you have Rheumatism, get the uric acid out of the blood by taking S. S. S., a purely vegetable medicine, and enjoy freedom from its misery. Book on Rheumatism and any medical advice free to all who write.

PROFESSOR ECKERT'S  
TRIBUTE TO GARY

New York, Sept. 8.—Gary, Ind., is the greatest steel city in the world, according to Prof. Christian Eckert, director of the University of Cologne. Prof. Eckert is familiar with all the great steel plants in Germany, but says that Gary is far and away ahead of everything.

He has just returned from the Pacific coast with 28 students, whom he brought over early in August. Many of them are sons of Germany's capitalists of industry and are being trained in commercial lines at the university.

"The two greatest things I saw in America," said Mr. Eckert on his arrival from the west, "were the Colorado canyon and San Francisco. When I think that an entire city can be made in four years—for that is what has been done in San Francisco, it makes me marvel. The students will sail for Europe on Saturday."

Your kidney trouble may be of long standing, it may be either acute or chronic, but whatever it is Foley's Kidney Remedy will aid you to get rid of it quickly and restore your natural health and vigor. "One bottle of Foley's Kidney Remedy made me well," said J. Sibbald of Grand View, Wis. Commence taking it now. Schramm-Johnson Drug Co.

LA FARGE TO RESUME WORK.  
New York, Sept. 8.—John A. La Farge, the painter, who has been ill for several months, is gradually regaining his strength at Newport and expects to return to this city in about two weeks, when he will devote himself to making cartoons for several stained

glass windows. He will resume his work at the same studio where he has been for 59 years. Mr. La Farge is now 75 years old.

## SPECIAL EDUCATION FOR STAMMERING CHILDREN

Chicago, Sept. 8.—Special education for schoolchildren who are chronic stammerers and stutterers is to be introduced into Chicago public schools during the present school year. "There are many children in the schools who are afflicted with speech defects. There are many more children who do not attend the public schools because their speech is so bad that the other children ridicule them," said Mrs. Ella Flagg Young, superintendent. "Speech defects in many cases arise from nervousness or exaggerated shyness and are found usually in the younger pupils."

The plan was approved by the board of education yesterday and will go into effect immediately.

A Reliable Medicine—Not a Narcotic.

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house."—Schramm-Johnson Drug Co.

# The Whole Family Magazine COSMOPOLITAN

The Cosmopolitan Magazine is the one magazine in this country whose aim is to reach and interest every member of the family—men, women and the children

## Men

Every man will find in every issue of the Cosmopolitan both fact and fiction that will hold his attention from the first word to the last.

Every man is interested in what is happening now—he is interested in what Charles Edward Russel has to say in the series of articles under the general title of "What Are You Going to do About It?" which explains the legislative rottenness in the various states in this country.

He is interested in what Diaz, the dictator-president of Mexico, has to say in his autobiography, and also in Lieutenant General Miles' autobiography—both of which will shortly begin in the Cosmopolitan Magazine.

In fiction he will find such men writing for it as Alfred Henry Lewis, Jacques Futrelle, Bruno Lessing, Jack London, Porter Emerson Brown, George Randolph Chester, O. Henry, Sir Gilbert Parker, Agnes and Edgerton Castle, and a score of others.

## Children

Not only is the Cosmopolitan Magazine for grown-ups, but it also has something in every issue to please the youngsters.

Kemble, the famous comic artist and cartoonist, draws and writes the funniest picture-stories that youngsters have ever seen.

Kemble became famous doing this sort of thing, and every child in the country knows Kemble's pictures. If for no other reason you ought to get Cosmopolitan for the youngsters of the family.

## Women

Every woman is interested in Woman Suffrage—either for it or against it. In order that the women of this country may know what is going on regarding Woman Suffrage abroad, Cosmopolitan sent Winifred Black to Great Britain to study the Woman Suffrage movement there.

Harold Bolce is writing a series of articles in the Cosmopolitan telling how the Women's Colleges of this country are teaching young girls a new religion, which is most sensational in its character.

Dr. Woods Hutchison, the famous popular writer on medical subjects, is writing a series of articles on babies and their care for the Cosmopolitan Magazine.

All these and scores of other things interesting to women are in this great magazine.
